AGRIPRO VARIETIES													
SY 517CL2**	M	I D	I D	I D	i d	I D	I D	Excellent	Very High	Good	M	**Good**	2 Gene Clearfield line with consistent yield and good winterhardiness. It is adapted to South Dakota, Nebraska and Northern Kansas.
SY MONUMENT	M	i D	i D	i D	i D	I D	I D	Very Good	Very High	Good	M	Good	Great leaf package, good drought tolerance. Very high tillering, next best to Wolf for establishment in heavy residue.
SY SUNRISE**	S	ID	ID	ID	Id		Id	Excellent	Very High	Good	ME	Poor	Best suited for high yield goal, high management production.
AP 18 AX	M	ID	ID	ID	ID	id	ID	Excellent	Very High	Good	ME	Fair-Poor	Excellent yield potential, strong disease package, and Agressor herbicide tolerant
SY WOLF	M	D	I D	I D	I D	I D	I D	Very Good	Intermediate	Good	ME	Poor	Great performance level in high residue, tillers well and has excellent plant health, likes spring moisture but will handle droght during grain fill.
SY WOLVERINE	MS	I D	I D	I D	I D	I D	I D	Excellent	Very High	Good	ME	Poor	Excellent disease package, and very high yield potential. Not the prettiest wheat, but makes up for it in yield!
WESTBRED VARIETIES													
WB 4792**	M		i D	i D	i D		I D	Very Good	NA	Good	ML	Fair	Solid option for Western region, excellent yield potential
WB GRAINFIELD	MT	D	iD	iD	i D	iD	I D	Very Good	High	Good	ML	Fair-Good	Consistent wheat with very good drought tolerance. Very good leaf disease resistance.ML to maturity, but quick to finish - may be early to harvest.
OTHER VARIETIES													
OVERLAND (NE01643)	MT	d	i D	i D	D	D	i D	Good	Good	Good	L-ML	NA	Popular old variety.
RUTH	M	D	D	D	iD	D	D	Good	N/A	N/A	ML	NA	Excellent replacement for Overland
LCS LINK	MT	D	iD	ID	I D		I D	Very Good	Intermediate	Good	ML	Good	Maturity is later than most.
