

Soil Health, Cover Crop, Grazing & No Till Conference "The R.O.I. of Healthy Soil "

featuring Dan Forgey

Friday February 15, 2019 9am-3pm

One Box Convention Center - Broken Bow, NE

Free Registration & Free Lunch. CEU 's applied for.

Take advantage of this opportunity to learn more about these ever evolving topics from experts in the field.

- **Dan Forgey** *is an active member of the SD Soil Health Coalition Board and is the Farm Manager for Cronin Family Farm and Ranch . The farm has used no-till practices for 23 years, and has seen the soil come alive due to diversified rotations and cover crops and most recently, working cattle into the no-till system through cover crops. Dan believes that if you take care of the land, it will take care of you. A healthy soil, he said, will pay farmers back three-fold if you let it.*
- **Aaron Hird** Nebraska NRCS State Soil Health Specialist and **Candy Thomas** NRCS Regional soil Health specialist for Kansas /Nebraska will be demonstrating a rainfall simulator.
- **Rebecca Kern**/Animal Science and **Emily Shafto**/Ruminant and soil biology with Ward Labs "Mixing Biology and Chemistry for soil & animal health "
- **Producer panel** *with participants across Nebraska involved in grain and ranching operations*
- **Rich Russell**, Arrow Seed Regional Sales agronomist with information about SoilBuilder™ and the commitment to Soil Health

Seating is limited so please pre-register by Monday, Feb. 11th!
